

Soldier Among 2,661 Former POW Contacted For Deposition

Kenneth L. Hale, 26201 Oak st., is among the 2,661 former American prisoners of the Japanese to be contacted in a nationwide campaign launched by the War Crimes branch of the Civil Affairs Division.

The purpose of these contacts is to obtain depositions concerning war crimes and atrocities for use as evidence in the war crimes trial now being conducted in Tokyo. Both the Veterans Administration and the Attorney General's offices will cooperate with the Army in taking statements of the ex-POWs, it was announced.

Eight Officers from the Legal Section of General Headquarters, Supreme Commander for the Allied Powers in Tokyo, have returned to the United States to

Dependents of Army Man Sail For Okinawa

The Army transport Republic took aboard its largest peacetime load of Army dependents and employees for Pacific ports at San Francisco Port of Embarkation recently, embarking a total of 415 passengers for Manila, Okinawa and Bangkok.

Among the 155 Army dependents getting aboard today en route to Okinawa to join military personnel stationed overseas were Mrs. Elizabeth R. Blair and son, William R., age 2, of Box 25, Torrance, California, dependents of 1st Lt. William E. Blair.

First stop will be Manila, then Manila and Bangkok passengers will be transferred to the ship for transshipment. After completing the westward trip at Okinawa, the veteran transport, in Army service in both World Wars, will return to San Francisco Port of Embarkation with homeward bound military personnel.

Notice To Drill New Well One Abandoned

The Department of Natural Resources, Division of Oil and Gas, announced last week the filing of one notice to drill a new well in the Torrance field and the abandonment of the Cotton Fee No. 1 owned by Leasing Oil Co. This well is in section 16, township 4 S., range 14 W.

The new well, owned by L. G. Liess and A. Zimmer, is the Kellogg A-1 and is located in section 19, township 4 S. and range 13 W.

supervise the over-all plan. These officers will set up headquarters in the six Army areas and statements will be forwarded from the areas to the War Crimes branch in Washington, D.C., where they will be collected and then sent to Tokyo.

Letters have been sent to each former prisoner of war from whom a deposition is desired, urging him to visit either a Federal district attorney's office or a Veterans Administration office.

Scout Camps To Continue Until School Opening

Scout camps will continue for the Scouts of this area until the opening of the school season, announced H. Eugene Breitenbach, chairman of the Los Angeles Area Council camping and activities committee. The 1946 season of Scout camping found more than 100 local troops making long treks into the mountains and national forest areas, Breitenbach said.

More than 5,000 Scouts of the Los Angeles Area council have participated in long-term summer camps this season without mishap which is a great tribute to the volunteer leaders of Scouting, Robert Chaney, health and safety chairman of the local organization said in reviewing the touring permits of the various troops that have traveled several thousands of miles to and from their favorite campsites.

A "Round Up and Open House" program is now being planned by the Los Angeles Area Council Scout Troops and Senior Units as a fall event of the Los Angeles Area council. The active Scout membership of 24,074 will plan special meetings which will follow the present "Back to School" campaign.

Waste paper campaigns will also continue in the Scout units according to Breitenbach, who pointed out that the need for this vital material is greater today than during the emergency period. Much of the waste paper can be used by the local mills for housing materials, so greatly needed by veterans.

PRESCRIPTION

"A quart of milk a day, plenty of rest and no worry" is the prescription for keeping vigorous, said Mrs. Theresa Smith, nearly 72 years old, who recently retired from government service, but went back to work for private industry. Mrs. Smith is a stenographer. The week before she left she topped the other girls' output.
